We are

Roche is the world's largest biotech company, with truly differentiated medicines in oncology, immunology, infectious diseases, ophthalmology and diseases of the central nervous system. Roche is also the world leader in in-vitro diagnostics and tissue-based cancer diagnostics, and a frontrunner in diabetes management. The combined strengths of pharmaceuticals and diagnostics under one roof have made Roche the leader in personalized healthcare – a strategy that aims to fit the right treatment to each patient in the best way possible.

We offer

At Roche, you have the opportunity to be at the forefront of innovation. We are one of the world's leading research-focused healthcare groups, and we keep evolving. If you are curious, committed, and determined to make a difference, join us.

Discover the opportunities we offer in Engineering, Natural Sciences, Business Studies and Computer Science. You'll enjoy our collaborative, open-minded work culture and plenty of support from your colleagues.

Take part in one of our internship or traineeship programs, or apply for one of our entry level positions.

Why are we here

To innovate healthcare, we're constantly learning and growing – and seeking people who have those same goals for themselves. You're someone who wants to influence your own development. You're looking for a company where you have the opportunity to pursue your interests across functions and geographies.
